**DETAILED ACTION**

1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action dated 7/13/2005 is withdrawn.

***Reissue Applications***

2. Applicant is reminded of the continuing obligation under 37 CFR 1.178(b), to timely apprise the Office of any prior or concurrent proceeding in which Patent No. 6,025,823 is or was involved. These proceedings would include interferences, reissues, reexaminations, and litigation.

Applicant is further reminded of the continuing obligation under 37 CFR 1.56, to timely apprise the Office of any information which is material to patentability of the claims under consideration in this reissue application.

These obligations rest with each individual associated with the filing and prosecution of this application for reissue. See also MPEP §§ 1404, 1442.01 and 1442.04.

3. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414.

4. The reissue oath/declaration filed with this application is defective because it fails to contain the statement required under 37 CFR 1.175(a)(1) as to applicant's belief that the original patent is wholly or partly inoperative or invalid. See 37 CFR 1.175(a)(1) and see MPEP § 1414. The reissue oath/declaration filed 4/4/03 is still defective, because **the error should be specified for all independent Claims with different subject matters claimed**, so the error needs to be more specific in the reissue oath/declaration. Such as the applicant fails to say that **we fail to claim the new claims subject matters in the original patent and we want to broaden the original claim, therefor this Patent with original claims is inoperative**. This specific reasons should be done by comparing Original Independent Claims with new Independent Claims to show the error and why New Claims are being broaden. This reissue is to correct the specify error. The reason was given for only independent Claims 9, 12, 13, 15, 16, 39, however, there was no reason given for independent Claims 23, 24, 28, 32, 33, 50, 61, 63, 64, 65, 66, 67, 68, 69, and 74 even they have different subject matters claimed.

5. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error with specific reasons which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414.

6. Claims 1-80 are rejected as being based upon a defective reissue oath/declaration filed on 4/4/2003 under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

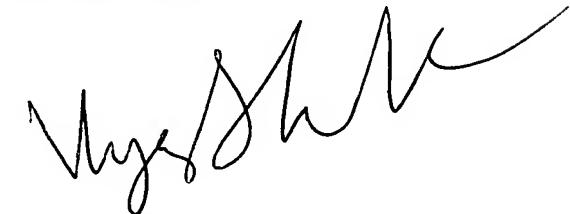

The nature of the defect(s) in the reissue oath/declaration is set forth in the discussion above in this Office action.

7. Applicant's arguments with respect to claims 1-80 have been considered but are moot in view of the new ground(s) of rejection.

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to VIJAY SHANKAR whose telephone number is (571) 272-7682. The examiner can normally be reached on M-F 7:00 am - 4:30 pm.
